

**Bringing Art and
Crafts to Your Home.**

SAMPLE PRODUCTS

*craftbox is an Award Winning Finalist of the 2007/2008 SSEP
Swindon New Business Competition.*

www.craftservice.co.uk

This information leaflet contains a selection of the products *craftbox* will have on display when holding an organised art, craft and gift sale event in a sheltered or retirement scheme.

Our aim is to directly bring a wide selection of art, craft, and gift products to our customers at their home. All products are carefully selected for adults who might want to take up a new art or craft, or re-kindle a former interest, or simply try something different. We try to provide something of interest for everyone.

This is a free service!

There is never any pressure or obligation to buy the products and *craftbox's* approach is to be polite and respectful at all times.

Product prices generally range from £1 to £10 and are always under review to ensure that we remain highly competitive. All of our products are offered at below recommended retail price, are from reputable companies, and are of good quality.

To request a sale event please either contact Teresa at *craftbox*, your scheme manager or warden to arrange a mutually convenient day and time.

About us

Our mission is to introduce and bring to you, the customer, the opportunity to practise art, craft and gift products in the comfort and convenience of your own home.

Our aim is to provide you with a wide range of highly competitively priced products tailored to meet a range of needs, with great personal service, and hopefully at prices you can afford.

We are a small family run business and are completely dedicated to your total satisfaction.

In order to do our bit for the environment we try to use recycled, minimal packaging whenever possible. Although we can't make 'fair trade' claims we do try to select suppliers who ensure their workers have good conditions and are treated well. We also do our best to source local products where we can.

Within a reasonable time of purchase any product that appears to be faulty will be replaced or a full refund given.

Your suggestions or comments for improvement to our service or products will always be gratefully received. Thank you.
